He noted that the Department had looked into the question of obtaining a delay in delivery of aircraft on order in the US for Indonesia. General Schow commented on the military position of the rebels.

He observed that copies of the Guide would be disseminated for use according to the discretion of the intelligence collection unit of each IAC component. In connection with the matter of transmitting intelligence from overseas, the Chairman mentioned that the FCC had been considering a proposal to seek legislation which would allow establishment of communications facilities by foreign diplomatic missions accredited to the US in return for reciprocal rights. However, he added, the FCC decided to postpone action for at least the present session of Congress, and make informal soundings of congressional opinion.
